SEXUAL HARASSMENT

PREVENTION TRAINING

Effective January 1, 2019, California employers with 5 or more employees must provide 1 hour of sexual harassment prevention training to non-managerial employees, and 2 hours of similar training to managerial employees within the first 6 months of employment. Both types of employees must complete this mandatory training by January 1, 2020. After that, employees will be required to receive training every two years, in accordance with the law.
